Project Fact Sheet #11

Project Name: **Henry Clower Boulevard Deceleration Lane**

Cost: $250,000 [programmed GDOT incl. in median project / 3406]

Detailed Description and Justification: The project consists of providing an eastbound decal lane at the intersection of US 78 and Henry Clower Boulevard. This project will serve as a refuge for making right-turn movements, traveling eastbound along US 78. Additionally, this project will be eliminating a conflict point caused by differential speeds; thereby, preserving capacity, improving mobility and enhancing safety.

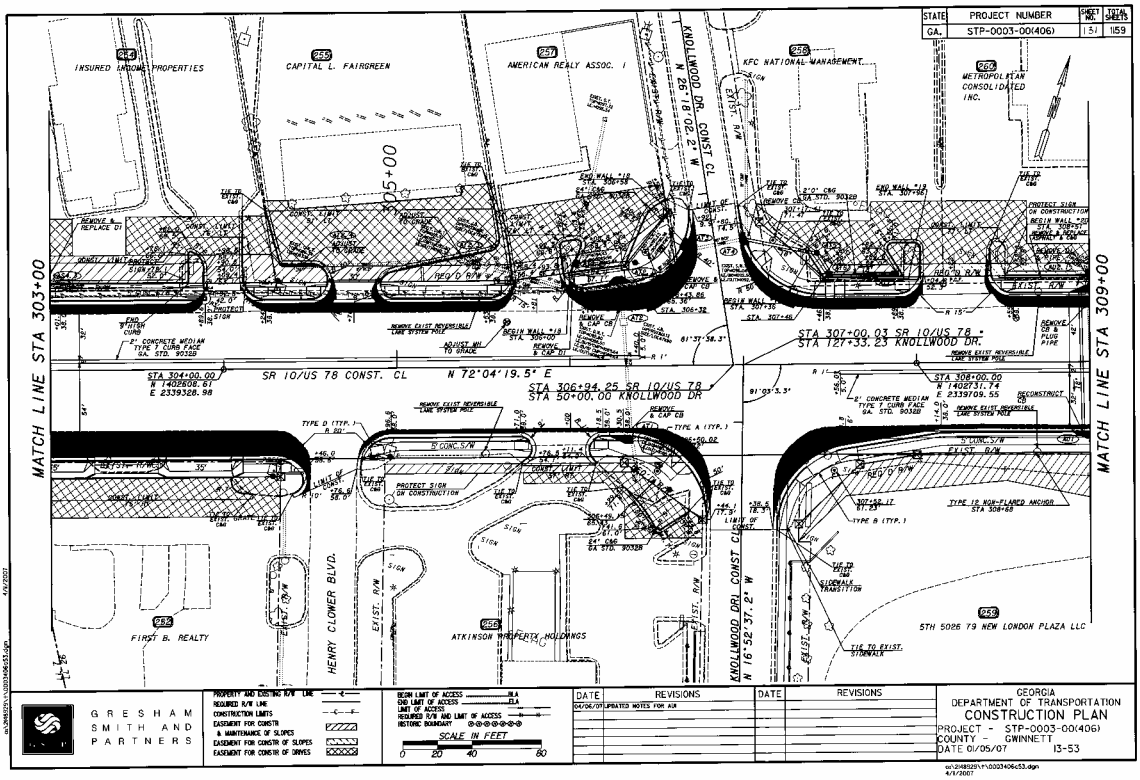
Service Type: Operations

Sponsor: County/State

Jurisdiction: City of Snellville

Target Completion Date: 2009 [Gresham Smith and Partners consultant]

Corridor Length: to be determined with Traffic Analysis



July 2008 rev.
